## About The Work:

*I have been drawing with my one-line technique for nearly 15 years. When I started this I was in Tokyo, and then moved to Canada in 2012. Then I lived in Jasper, Kimberley and moved Cranbrook this year.*

*I was always drawing what I saw around me wherever I was. When I looked back my work, I've noticed that it is just like a Journal of my life that continues on one line. I'm excited to share the technique to new people and expect that they will start their own one-line journey!*

## About the Artist:

Rico was born in Japan, and attended Musashino Art University in Tokyo obtaining a BA in Visual Communication Design in 2006. Later she attended Gerrit Rietveld Academy in Amsterdam and received a BA in Fine Arts. Rico works as an artist and illustrator using several media and different techniques, including watercolour, acrylic, pen and various kinds of paper.

*You can find prints of Rico's Work in our Gift Shop Downtown, 1013 Baker St*
